TAX TIME AGAIN

YES IT IS TIME TO PAY THE GOVERNMENT

At least that is the case for a lot of us. Death and taxes, they say you cannot escape either so just do it right. If I had my way, we would all pay one flat tax based on a percentage of income. This seems the most fair all around to me and it would remove a lot of tax protests. Having said that, it is actually much more complicated than that so leave it to the experts I say.

SPENT TIME WITH TUHON AND S.A. GURO

On my drive to our new home in the Pacific Northwest I got to

stop and visit with Tuhon and the family. I spent two nights and I had a great time. Below is a picture of the last time Tuhon and S. A. Guro were visiting me in Killeen. *Left to right – S. A. Guro Gary, Tuhon, Pops, and me.* My Pops was still alive and practicing the art but sadly is greatly missed now.

It is always sad saying goodbye and even see ya later but this departure is weighing heavy on me because I will be so far away. Even though I should be able to visit about once a year it is not the same as being in the same state. It feels like I am cutting the strings and I don't know if I like it or not. Either way – the art moves on to another state.

LONG DRIVE TO THE PACIFIC NORTHWEST

New adventures and revisited memories are ahead. Awesomely Excited & anxious. The truth is that just about every time I go for a ride my mind puts me there now so being there will no doubt feel right by the time we are actually moved in. You know what I mean right?

A HAIKU FOR POPS

*He is in my heart
In spirit forever here
I am his first born*
